

Universal soundbar brackets that hang a soundbar from your TV.

QG-SB-001-BLK

Works with most 23 to 65 in flat-screen TVs

BLACK

VESA PATTERNS 75 × 75 · 100 × 100 · 200 × 100 · 200 × 200 · 300 × 300 · 400 × 200 ·
400 × 400 · 600 × 400

MAXIMUM RATED LOAD

33 lb / 15 kg

⚠ Caution. Do not exceed the maximum rated load. Overloading can cause serious injury or property damage.
The soundbar must weigh 33 lb / 15 kg or less. The TV (without stand) plus the soundbar must be at or under your TV wall mount's rated load.

Before you begin

Note. Read this entire manual and check that all parts are included before you start installation and assembly.

Warning

- Do not begin to install your QualGear product until you have read and understood all instructions and warnings in this manual. U.S. customers with questions can email QualGear support at support@qualgear.com. International customers should contact their local distributor.
- This product should be installed only by someone with good mechanical aptitude and basic building construction experience who fully understands these instructions.
- This product is designed to be installed and used only as described in this manual. Improper installation can cause damage or serious injury. QualGear is not liable for improper use or installation of its products.
- Make sure the supporting surface will safely support the combined load of the equipment and all attached hardware and components.
- Always use an assistant or mechanical lifting equipment to lift and position the equipment safely.
- Tighten screws firmly, but do not overtighten. Overtightening can damage the parts and greatly reduce their holding power.
- All QualGear products are for indoor use only. Outdoor use voids the limited warranty.
- All QualGear products are designed and tested for residential use only. Commercial use voids the limited warranty. For warranty information, visit qualgear.com/pages/warranty.
- Never exceed the maximum rated load specified in this manual: 33 lb / 15 kg. This is the maximum weight of the soundbar.
- The soundbar hangs from your TV, and the TV hangs on your TV wall mount, so the soundbar adds to the load on the TV wall mount. Add the soundbar's weight to your TV's weight without stand. The total must be at or under the TV wall mount's rated load.
- Use all bolts and screws at the designated points shown in these instructions to prevent property damage and personal injury.
- Do not install near air-conditioner vents or where there is excessive dust or smoke.

 Warning. Check both weight limits before you start. A TV wall mount is required. These brackets attach between your TV and a TV wall mount (not included). Follow the TV wall mount's manual for its installation.

1. **Soundbar weight:** 33 lb / 15 kg or less.
2. **TV (without stand) plus soundbar:** at or under the rated load printed in your TV wall mount's manual.

If either check fails, do not install the soundbar on this TV wall mount.

Parts checklist

⚠ Important. Before you start, check that every part shown below is included. If any part is missing or damaged, contact your local distributor or support@qualgear.com for replacement parts. Do not start assembly and installation until you have all the parts.

STEP 1A • OPTION 1

Smaller soundbar installation

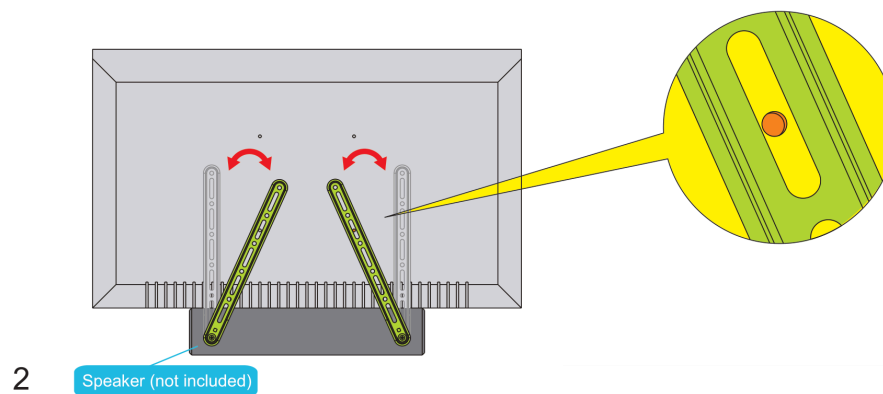

1a

Which option? Use option 1a when the brackets alone reach your TV's mounting holes. For a larger soundbar that needs the extension arms, follow step 1b on page 07.

⚠ Warning. Before you attach the brackets to the soundbar, check both weight limits on page 02. The soundbar must weigh 33 lb / 15 kg or less, and the TV (without stand) plus the soundbar must be at or under your TV wall mount's rated load.

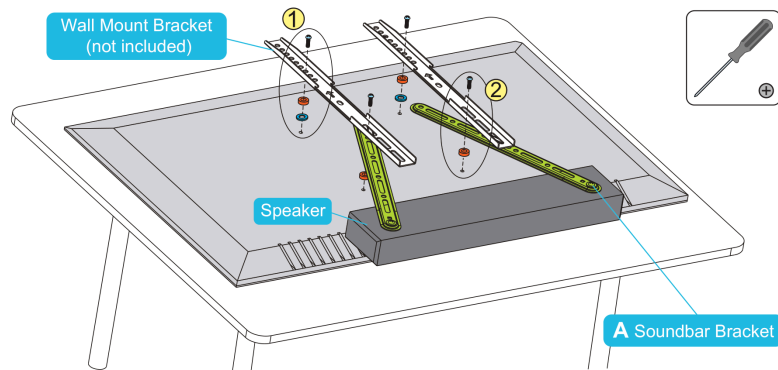

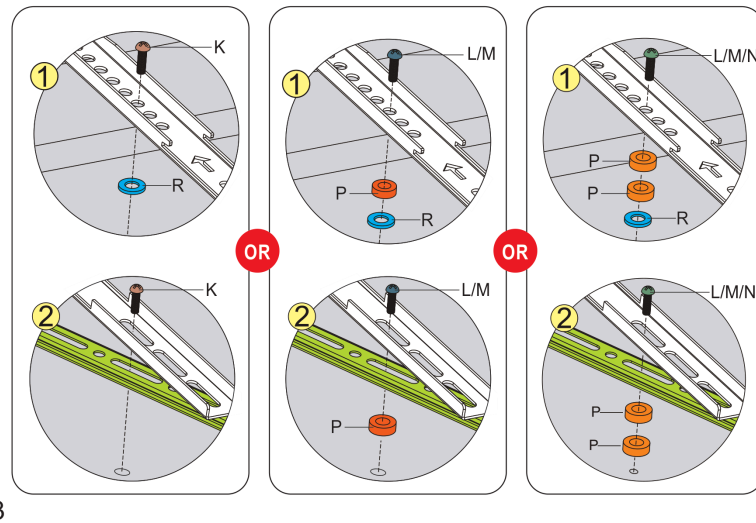

- 1a.1 Choose the screws (E, F, or G) and washers (H, if necessary) that fit your soundbar, and screw the soundbar brackets (A) onto the soundbar. For teardrop holes, use screw I and nut J.

- 1a.2 Place the brackets on the back of the TV and rotate them to align the bracket slots with the TV's mounting holes.

1a Smaller soundbar installation (continued)

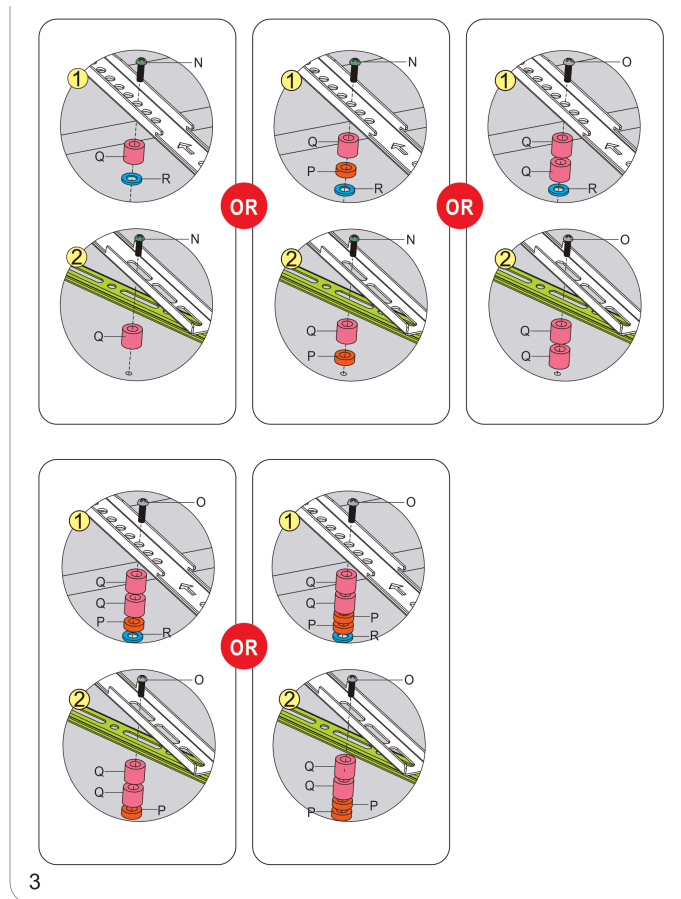

1a.3 Attach the wall mount brackets (not included) to the TV through the soundbar brackets.

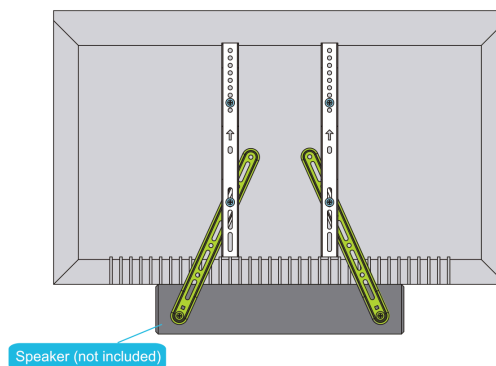

Choose the screws, washers, and spacers (if necessary) that fit your TV. Attach the wall mount brackets (not included) to the mounting holes on the back of the TV, through the soundbar brackets. Each circle pair shows the hardware stack at the top (1) and bottom (2) mounting holes.

1a Smaller soundbar installation (continued)

⚠ Important. Tighten all screws, but do not overtighten.

1a.4 Additional hardware combinations using screws N or O with large spacers (Q), small spacers (P), and plastic washers (R).

1a.5 The soundbar hangs below the TV from the brackets.

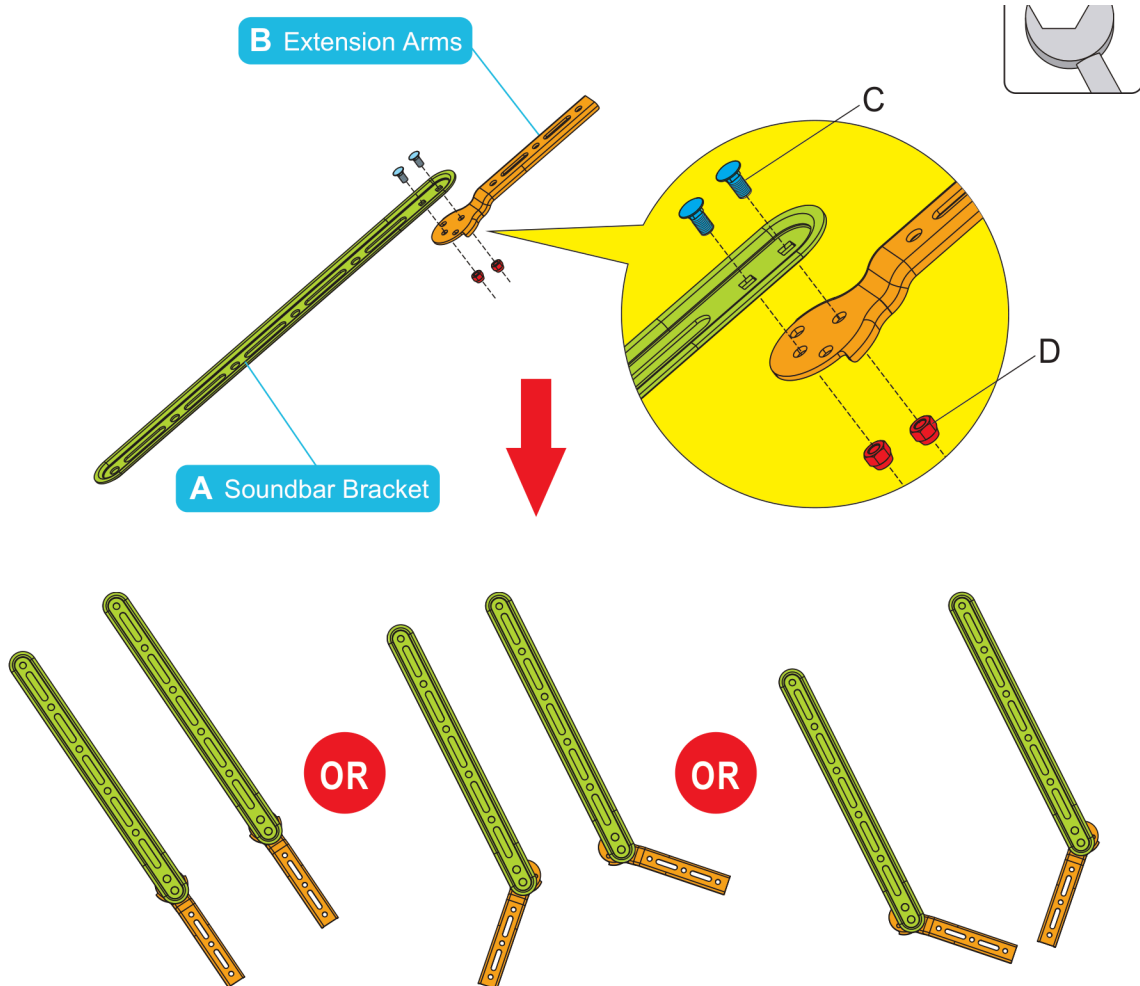

NEXT: STEP 2, PAGE 11

STEP 1B • OPTION 2

Larger soundbar installation

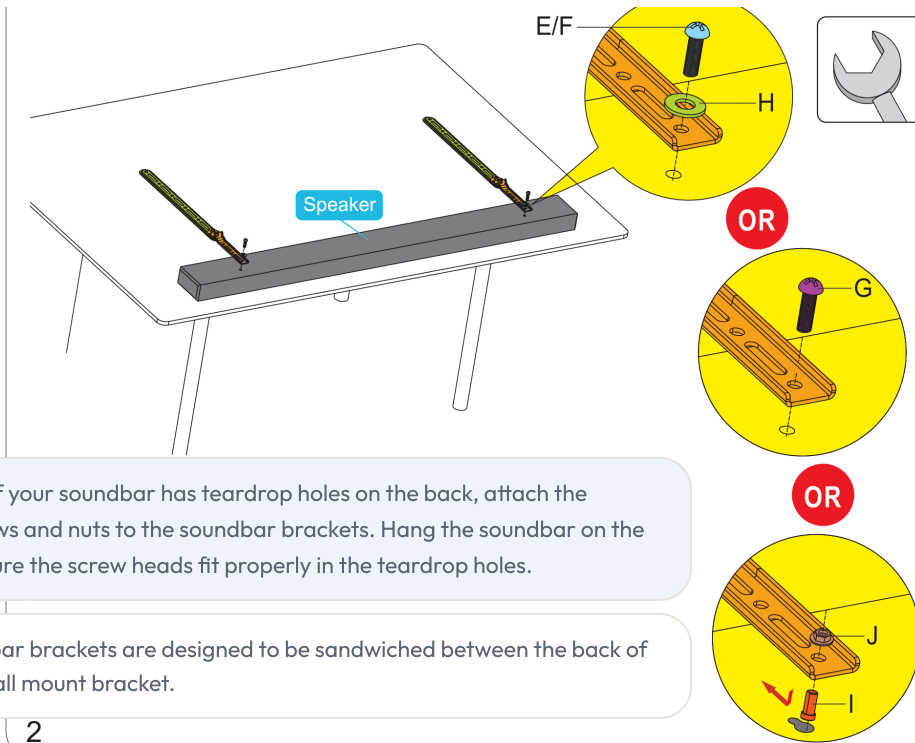

1b

⚠ Warning. Before you attach the brackets to the soundbar, check both weight limits on page 02. The soundbar must weigh 33 lb / 15 kg or less, and the TV (without stand) plus the soundbar must be at or under your TV wall mount's rated load.

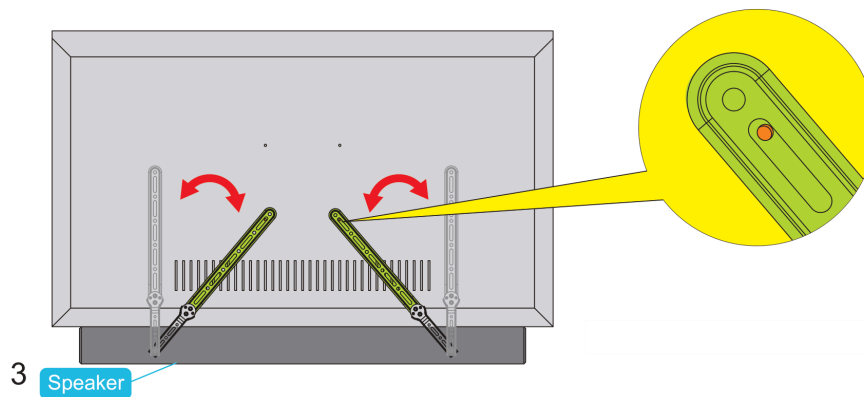

1b.1 Connect the extension arms (B) to the soundbar brackets (A) with the M6 × 10 mm screws (C) and M6 nuts (D), using a wrench. Choose one of the configurations shown, according to the mounting holes on your TV.

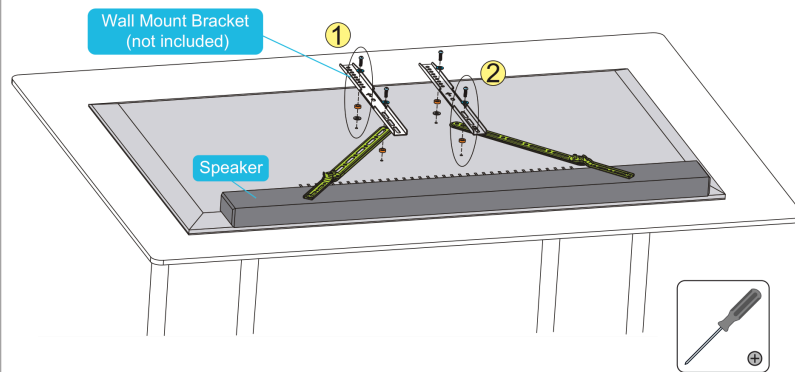

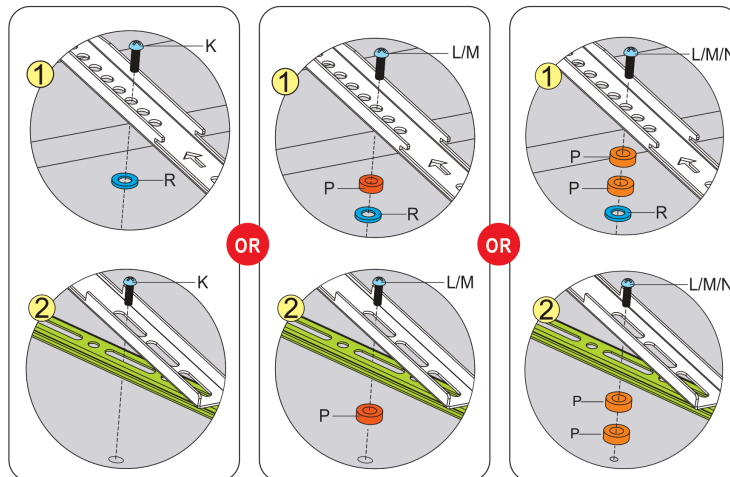

1b Larger soundbar installation (continued)

1b.2 Choose the screws (E, F, or G) and washers (H, if necessary) that fit your soundbar, and screw the soundbar brackets onto the soundbar. For teardrop holes, use screw I and nut J.

1b.3 Place the brackets on the back of the TV and rotate them to align the bracket slots with the TV's mounting holes.

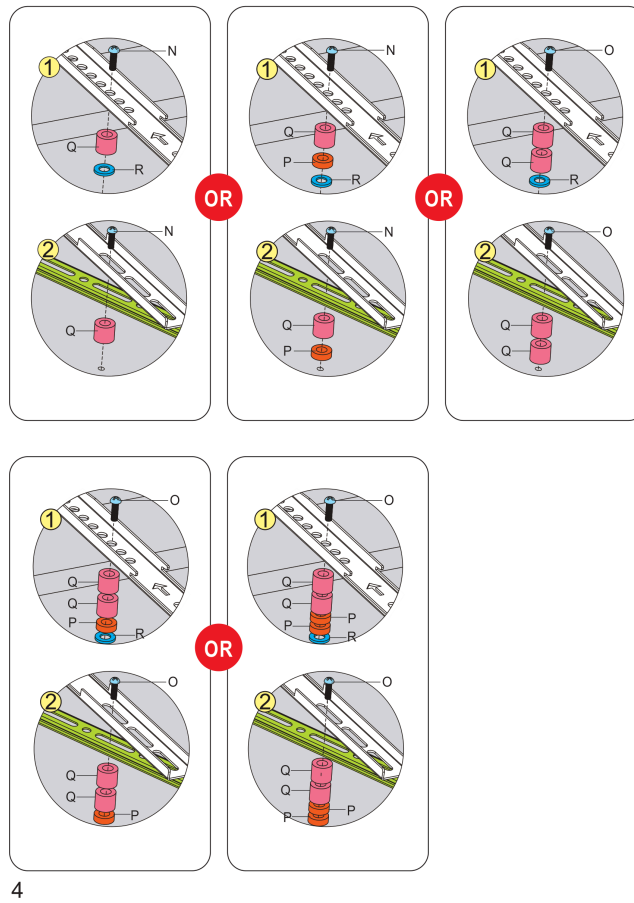

1b Larger soundbar installation (continued)

1b.4 Attach the wall mount brackets (not included) to the TV through the soundbar brackets.

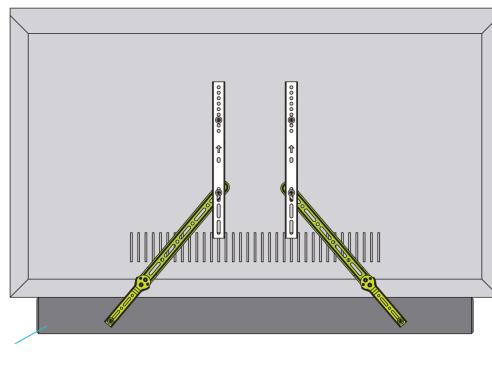

Choose the screws, washers, and spacers (if necessary) that fit your TV. Attach the wall mount brackets (not included) to the mounting holes on the back of the TV, through the soundbar brackets. Each circle pair shows the hardware stack at the top (1) and bottom (2) mounting holes.

1b Larger soundbar installation (continued)

⚠ Important. Tighten all screws, but do not overtighten.

1b.5 Additional hardware combinations using screws N or O with large spacers (Q), small spacers (P), and plastic washers (R).

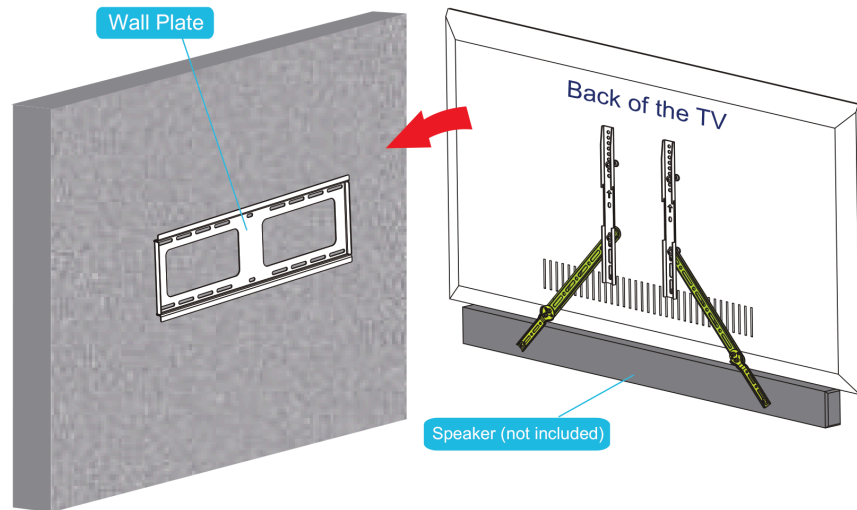

1b.6 The soundbar hangs below the TV from the brackets and extension arms.

STEP 2

Hang the TV and soundbar on the wall mount

2

⚠ Warning. The TV (without stand) plus the soundbar must be at or under your TV wall mount's rated load. Use an assistant. Make sure the TV is safely secured before releasing it.

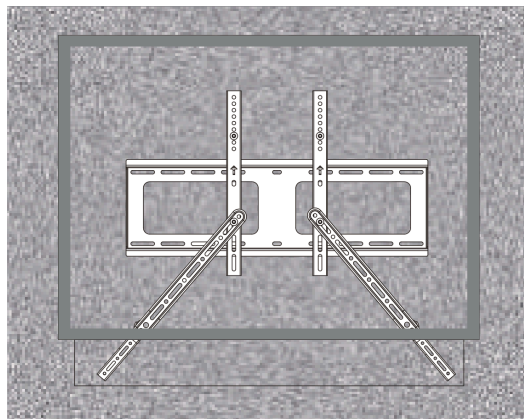

Following your TV wall mount manual, attach the TV and soundbar assembly to the wall plate of your TV wall mount. The TV wall mount is sold separately.

STEP 3

Adjust the TV

3

The soundbar brackets do not prevent adjustments. Adjust your TV according to the features of your TV mount; see the TV wall mount manual (not included) for instructions.
